

Introduction to Sonship

This is a mentored course in which your mentor will guide you along through the course, enabled by the Holy Spirit to transform you into a deeper, broader, higher and wider depth of knowledge and love for Jesus than you ever knew before. Through Galatians 4:4-7 you will learn, what it is to live as a son of the living God, by the Holy Spirit's working in you. You will examine yourself and your relationships; with God, with yourself and with others. Many who have taken this course have said that no other program of bible study has changed their lives, in their walk in Christlikeness, as this course has. In short it change their lives. A major focus will reinforce your understanding of your justification by faith alone.

This course will take from 6 – 9 months depending on your personal schedule and time availability.
